

BUSHY PARK ALLOTMENTS PLANT SALE CATALOGUE – 2015

UNLESS SHOWN OTHERWISE ALL PLANTS ARE £1 EACH, 6 FOR £5

CHILLI	
PERUVIAN PURPLE	Purple tinges to the foliage, rounded purple fruit that turn red on full ripening make this an attractive and productive plant. Chillis are HOT.
EARLY JALAPENO	Classic thick fleshed chilli with medium chilli heat.
COURGETTE	
GRISE D'ALGER	Pale green courgette originally from the Maghreb. Productive, one plant gave 9 Kg of courgettes during the season.
GOLDEN YELLOW	Yellow courgette.
STRIATO DI NAPOLI	Early courgettes with green striped fruit. Very productive, one plant gave 15 Kg of courgettes during the season.
TRIEST WHITE 1/2 LONG	Pale steel grey courgette that can be bulbous once it develops. Originally from the Middle East via Italy.
VERT NON COUREUSE DES MARAICHERS	Dark green French variety
CUCUMBER	
CRYSTAL LEMON	Outdoor cucumber that produces plenty of round lemon coloured fruit until the first frost, a good climber, thick skinned and keeps well, harvest when the fruits are still lemon yellow and the seeds have not developed.
PEPPERS	
NAPIA	Red pepper best grown under cover
SEMAROH	Long red pepper best grown under cover
SQUASH	
BLUE HUBBARD	Onion shaped with a blur green skin, flesh is dry with aa good flavour.
POTIMARRON	Classic orange skinned and onion shaped French squash with good flavour and average keeping qualities
SWEETMEAT	Slate grey/blue skinned round squash, thick fleshed and with good flavour and keeping qualities.
TURK'S TURBAN	A very ornamental squash, true to its name, and not only is tasty but also keeps well.
TOMATO	
ANANAS	Large orange fruit with stunning internal colour.
COEUR DE BOEUF	French market variety, lightly ribbed beefsteak, 200-300 gm/fruit.

CUOR DI BU	Italian version of Coeur de Boeuf beefsteak tomato.
DARBY YELLOW GREEN STRIPE	Green striped as they start to ripen, completely yellow at maturity, early and very productive (6 Kg from one plant), the fruit size is variable small to medium. - NEW
DATTERINO	Found in a French market, this commercial Italian variety translates as 'date', this describes the size of this little plum tomato with few seeds. Long trusses of fruit that does not split or drop. 3.5 Kg and 350 fruit per plant in my poly-tunnel last year! - NEW
GARDENERS DELIGHT	Standard cherry plus tomato.
GERMAN ORANGE STRAWBERRY	Very large fruit with dense flesh and productive. Fruit weigh 200-450 gm, more than 4Kg per plant.
GREEN ZEBRA	Medium sized, green streaks over yellow when ripe, very good flavour and more productive on the second time that it was grown.
KUMATO	Medium sized commercial variety that is claimed to have very good flavour.
ORANGE BANANA	Yellow to pale orange plum cooking tomato, lots of flesh and few seeds. Average yield. - NEW
SAN MARZANO	Italian plum tomato.
YELLOW BUTTERFLY	Tiny yellow fruit the size of a grape in profusion.
<i>TOMATILLO</i>	
TOMATILLO	Green berries in a papery husk, grow like tomato and at least 2 plants required for pollination. Use for salsa or cook as you would use tomatoes.
<i>FRUIT BUSHES etc</i>	
CURRENTS	Redcurrant ROVADA , blackcurrant BEN CONAN , both are top quality varieties, we collected 17 Kg of redcurrants from a single 6 year old bush! Larger bushes will be £2-3 depending on size.
ETC.	STRAWBERRY (3 for £1), GOOSEBERRY, JOSTABERRY, SUNBERRY (blackberry crossed with raspberry). Larger bushes will be £2-3 depending on size.
MORE ETC.	WHATEVER ANYBODY ELSE BRINGS!!!!
